[PDF] Modern Statistics for the Life Sciences: hemi ...

Statistics, in the modern sense of the word, began evolving in the 18th century in response to the novel needs of industrializing sovereign states. The evolution of statistics was, in particular, intimately connected with the development of European states following the peace of Westphalia, and with the development of probability theory, which put statistics on a firm theoretical basis. In early times, the meaning was restricted to information about states, particularly demographics such as popu
