Roger Yates, Head of International Emergencies Team
This is the message at the heart of participatory vulnerability analysis (PVA). The importance

of breaking down the complexity of vulnerability into manageable components with communities is that we can jointly see what can be done to reduce their exposure to hazards and shocks.

Participatory Vulnerability Analysis - ActionAid UK

Capacities and Vulnerabilities Assessment Framework (CVA) The CVA is designed on the premise that people's existing strengths (or capacities) and weaknesses (or vulnerabilities) determine the impact that a crisis has on them, as well as the way they respond to the crisis. Capacities: This term refers to the existing strengths of

individuals and social groups.
