Synopsis. Expand/Collapse Synopsis. Colleges and universities face a variety of challenges in meeting the needs of students, and one of the greatest is their ability to respond to student needs while protecting institutional and academic integrity. For those working with students, a primary example of this challenge is the involvement of students in shared decisionmaking, a process often developed and fostered through

organizations such as student government.

public institutions governed by differentiated structur

Student Governance and Institutional Policy: Formation and ...

Governance in higher education is the means by which institutions for higher education are formally organized and managed. Simply, university governance is the way in which universities are operated. Governing structures for higher education are highly differentiated throughout the world, but the different models nonetheless share a common heritage. Internationally, tertiary education includes private not-for-profit, private for-profit, and
