The Architect As Developer

Architect as Developer is an online course for architects by renowned architect and developer Jonathan Segal, FAIA. Segal has redefined the role of the traditional architect by exclusively eliminating the client and developing, constructing and designing his own work. Since 1988, Segal has acted as Architect and Developer for over two dozen of his own projects, including award-winning and trendsetting single-family homes, medium- to high-density residential, and mixed-use buildings.

Architect as Developer

For the architect, the architect-as-developer practice model presents an opportunity to exert greater project leadership, have more freedom in the design process, have more control over what is built and the quality of its finishes, and, of course, make more money. The idea of an architect acting as her own developer is not new.
