The Happiness Trap

Stop Struggling, Start Living *Exisle Publishing*

A guide to ACT: the revolutionary mindfulness-based program for reducing stress, overcoming fear, and finding fulfilment – now updated. International bestseller, 'The Happiness Trap', has been published in over thirty countries and twenty-two languages. NOW UPDATED. Popular ideas about happiness are misleading, inaccurate, and are directly contributing to our current epidemic of stress, anxiety and depression. And unfortunately, popular psychological approaches are making it even

worse! In this easy-to-read, practical and empowering self-help book, Dr Russ Harries, reveals how millions of people are unwittingly caught in the 'The Happiness Trap', where the more they strive for happiness the more they suffer in the long term. He then provides an effective means to escape through the insights and techniques of ACT (Acceptance and Commitment Therapy), a groundbreaking new approach based on mindfulness skills. By clarifying your values and developing mindfulness (a technique for living fully in the present moment), ACT helps you escape the happiness trap and find true satisfaction in life. Mindfulness skills are easy to learn and will rapidly and effectively help you to reduce stress, enhance performance, manage emotions, improve health, increase vitality, and generally change your life for the better. The book provides scientifically proven techniques to: reduce stress and worry; rise above fear, doubt and insecurity; handle painful thoughts and feelings far more effectively; break self-defeating habits; improve performance and find fulfilment in your work; build more satisfying relationships; and, create a rich, full and meaningful life.

Fences *Penguin*

From legendary playwright August Wilson comes the powerful, stunning dramatic bestseller that won him critical acclaim, including the Tony Award for Best Play and the Pulitzer Prize. Troy Maxson is a strong man, a hard man. He has had to be to survive. Troy Maxson has gone through life in an America where to be proud and black is to face pressures that could crush a man, body and soul. But the 1950s are yielding to the new spirit of liberation in the 1960s, a spirit that is changing the world Troy Maxson has learned to deal with the only way he can, a spirit that is making him a stranger, angry and afraid, in a world he never knew and to a wife and son he understands less and less. This is a modern classic, a book that deals with the impossibly difficult themes of race in America, set during the Civil Rights Movement of the 1950s and 60s. Now an Academy Award-winning film directed by and starring Denzel Washington, along with Academy Award and Golden Globe winner Viola Davis.

From Crisis to Crisis

The Global Financial System and Regulatory Failure *Kluwer Law International B.V.*

The global financial system has proven increasingly unstable and crisis-prone since the early 1980s. The system has failed to serve either creditors or debtors well. This has been reinforced by the global financial crisis of 2008, where we have seen systemic weaknesses bring rich countries to the brink of bankruptcy and visit appalling suffering on the poorest citizens of poor countries. Yet the regulatory responses to this crisis have involved little thinking from outside the box in which the crisis was delivered to the world. This book presents a powerful indictment of this regulatory failure and calls for greatly increased attention to international financial law and analyses new regulatory measures with the potential to make a new recognition of the principles that ought to underlie it. Using a historical approach that compares the various financial crises of the past three decades, the authors clearly show how misconceived economic policy responses have paved the way for each next 'crash'. Among the numerous topics that arise in the course of this revealing analysis are the following: overvalued exchange rates; excess liquidity in rich countries; premature liberalisation of local financial markets; capital controls; derivatives markets; accounting standards; credit ratings and the conflicts in the role of credit rating agencies; investor protection arrangements; insurance companies; and payment, clearing and settlement activities. The authors offer detailed commentary on: the role of multilateral development banks, the IMF and the WTO in responding to crises; the role of the Basel Accords, the Financial Stability Forum and Board, and the responses of the European Commission, the US, and the G20 to the most recent crisis. The book concludes by exploring systemic game-changing reforms such as bank levies, financial activities taxes and financial transaction taxes, and a global sovereign bankruptcy regime; as well as measures to remove the currency mismatches from the balance sheets of developing countries. Apart from its great usefulness as a detailed introduction to the international financial system and its regulation, the book is enormously valuable for its clear identification of the areas of regulatory failure, and its analysis of new regulatory approaches that offer the potential for a genuinely more stable system. Banking and investment policymakers at every level, the lawyers that serve these markets and the regulators that seek to regulate them, cannot afford to neglect this book.

Rock Star #1 *Penguin*

Fans of Princess Posey and Ivy and Bean will enjoy engaging with science-loving Jada Jones in this easy-to-read chapter book. When Jada Jones's best friend moves away, school feels like the last place she wants to be. She'd much rather wander outside looking for cool rocks to add to her collection, since finding rocks is much easier than finding friends. So when Jada's teacher announces a class project on rocks and minerals, Jada finally feels like she's in her element. The only problem: one of her teammates doesn't seem to like any of Jada's ideas. She doesn't seem to like Jada all that much, either. Can Jada figure out a way to make a winning science project and a new friend? The early chapter book bridges between leveled readers and chapter books for fluent readers adjusting to the chapter book format. At about 5,000 words, with short chapters and two-color art on almost every page, it will appeal to this unique reader. The two-color art throughout will help readers transition from the familiar four-color art of leveled readers and ease them into black-and-white chapter books.
