This gem of a book is Russian-written and Russian-published. As such, it's highly structured around purely grammatical exercises, the idea being that constant drilling is the key to mastery. The advantage of this text is that you can choose the grammatical case that's causing you the most trouble and work with it in an exercise at your level of proficiency.

If used with the Golosa textbook, and an instructor this workbook is great for practicing Russian grammar, pronunciation, and vocab. There is even an accompanying free audio program online. Now I would discourage someone buying this if they are self-studying, as there is no answer key and not many explanations.
