Reflections of a Nonpolitical Man *New York Review of Books*

A classic, controversial book exploring German culture and identity by the author of *Death in Venice* and *The Magic Mountain*, now back in print. When the Great War broke out in August 1914, Thomas Mann, like so many people on both sides of the conflict, was exhilarated. Finally, the era of decadence that he had anatomized in *Death in Venice* had come to an end; finally, there was a cause worth fighting and even dying for, or, at least when it came to Mann himself, writing about. Mann immediately picked up his pen to compose a paean to the German cause. Soon after, his elder brother and lifelong rival, the novelist Heinrich Mann, responded with a no less determined denunciation. Thomas took it as an unforgivable stab in the back. The bitter dispute between the brothers would swell into the strange, tortured, brilliant, sometimes perverse literary performance that is *Reflections of a Nonpolitical Man*, a book that Mann worked on and added to throughout the war and that bears an intimate relation to his postwar masterpiece *The Magic Mountain*. Wild and ungainly though Mann's reflections can be, they nonetheless constitute, as Mark Lilla demonstrates in a new introduction, a key meditation on the freedom of the artist and the distance between literature and politics. The NYRB Classics edition includes two additional essays by Mann: "Thoughts in Wartime" (1914), translated by Mark Lilla and Cosima Mattner; and "On the German Republic" (1922), translated by Lawrence Rainey.

It is my hope that anyone who reads this book will be able to connect with the author and see things from his point of view and feel what he felt at the time that he wrote it. I wanted to provide something that will invoke every emotion inside and leave a lasting impression on the reader that will last a long time. Being able to share something this personal and fulfilling to the world is truly a blessing. I can only hope that whoever reads this work will like what they read. So go ahead and crack it open and enjoy . . .

What it Means to be a Man

Reflections on Puerto Rican Masculinity *Rutgers University Press*

What It Means to Be a Man begins with a discussion of machismo set in the context of the social construction of masculinity. Ramírez presents his interpretation of what it means to be a Puerto Rican man, discussing the attributes and demands of masculinity, and pointing out the ways in which strength, competition, and sexuality are joined with power and pleasure. He examines the erotic relationships between men as part of the expressions of masculinity, and analyzes how the homosexual experience reproduces the dominant masculine ideology.

A Man in Transition

Reflections on Relationships, Leadership, and Life *iUniverse*

"We are here to transition. And that transition is a way of becoming closer to who we are so we can be one with the universe." -Craig Galati, from A Man in Transition In the self-described "midsummer" of his life, Craig Galati picked up a pen and began writing from the heart. It was as though the words flowed through him. The result is the book you have before you, a series of deeply personal reflections on relationships, leadership and life as seen through the prism of "transition." Like all of us, Craig occupies many roles: Architect. Consultant. Family man. Writer. Concerned citizen. Human being. From these diverse perspectives, he begins to make sense of the transitional nature of life. Never pretentious, always engaging, Craig explores such far-ranging and universal themes as commitment, intention, selflessness, authenticity and the power of caring with a keen eye and a deft touch. Clearly comfortable in the midst of his own transitions, Craig takes us on a journey that ultimately becomes our own.

The Man Christ Jesus

Theological Reflections on the Humanity of Christ *Crossway*
Liberal attacks on the doctrine of the divinity of Christ have led evangelicals to rightly affirm the centrality of Jesus's divine

nature for his person and work. At times, however, this defense of orthodoxy has led some to neglect Christ's full humanity. To counteract this oversight, theologian Bruce Ware takes readers back to the biblical text, where we meet a profoundly human Jesus who struggled with many of the same difficulties and limitations we face today. Like us, he grew in faith and wisdom, tested by every temptation common to man. And like us, he too received power for godliness through the Holy Spirit, and thus serves not only as the divine Lord to be worshiped, but also the supreme Human to be followed.

Reflection of a Man

The Photographs of Stanley Marcus *Cairn Press, Dallas, Texas*

Stanley Marcus was known the world over as an innovative marketer and retailer with a refined sense of taste and style whose leadership transformed his family's Dallas clothing store, Neiman Marcus, into a globally recognized arbiter of fashion. However, his refined sensibility was also expressed in a very private passion for photography, shared only with family and close friends. Marcus's daughter Jerrie Marcus Smith and his granddaughter Allison V. Smith celebrate this passion in Reflection of a Man, a representative selection of the thousands of photographs Marcus shot on business trips in Europe, on vacations in Mexico, and during family celebrations. These photographs underscore what we already know about the man in terms of an eye for elegance, a preoccupation with merchandising, and an enthusiasm for the enjoyment of life, but they also reveal a talent for capturing the purity of a moment and memorializing instances of beauty. In addition to the photographs, Oscar de la Renta, the couture fashion designer, relates his experience with the master of the art of the sale; Jack Lenor Larsen, the dean of modern fabric design, pays tribute to his long friendship with Marcus; and Roy Flukinger, Senior Research Curator of Photography at the Harry Ransom Humanities Research Center at the University of Texas at Austin, critiques Marcus's photographs.

Reflections on Men and Ideas

Gurdjieff

Give a Man a Fish

Reflections on the New Politics of Distribution *Duke University Press Books*

In Give a Man a Fish James Ferguson examines the rise of social welfare programs in southern Africa, in which states make cash payments to their low income citizens. More than thirty percent of South Africa's population receive such payments, even as pundits elsewhere proclaim the neoliberal death of the welfare state. These programs' successes at reducing poverty under conditions of mass unemployment, Ferguson argues, provide an opportunity for rethinking contemporary capitalism and for

developing new forms of political mobilization. Interested in an emerging "politics of distribution," Ferguson shows how new demands for direct income payments (including so-called "basic income") require us to reexamine the relation between production and distribution, and to ask new questions about markets, livelihoods, labor, and the future of progressive politics.

Black Man in a White Coat

A Doctor's Reflections on Race and Medicine *Macmillan*

"When Damon Tweedy first enters the halls of Duke University Medical School on a full scholarship, he envisions a bright future where his segregated, working class background will become largely irrelevant. Instead, he finds that he has joined a new world where race is front and center. When one of his first professors mistakes him for a maintenance worker, it is a moment that crystallizes the challenges he will face throughout his early career. Making matters worse, in lecture after lecture the common refrain for numerous diseases resounds: "more common in blacks than whites." [This book] examines the complex ways in which both black doctors and patients must navigate the difficult and often contradictory terrain of race and medicine"--

The Warriors

Reflections on Men in Battle *U of Nebraska Press*

J. Glenn Gray entered the army in May 1941, having been drafted on the same day he achieved his doctorate in philosophy from Columbia University. Over a decade after his discharge in 1945, Gray began to reread his war journals and letters in an attempt to find meaning in his wartime experiences. The result is a philosophical meditation on what warfare does to us and why soldiers act as they do.

Reflections in a Golden Eye *Houghton Mifflin Harcourt*

The classic tale of marriage, infidelity, and homosexual yearning on a Southern army base by the acclaimed author of *The Ballad of the Sad Café*. Georgia, 1930s. Army bases are notoriously boring places during peacetime, but the quiet life of Captain Penderton is thrown into turmoil by the arrival of dashing ladies' man Major Langdon. Penderton's marriage has always been

tempestuous, but when his wife Leonora begins an affair with Langdon, Penderton finds himself increasingly unable to mask his attraction to the handsome young private he has assigned to do his yard work. And tensions rise to explosive levels as that private develops a dangerous infatuation with Leonora. A scandal when it was first published in 1941, *Reflections in a Golden Eye* was later adapted into a film starring Marlon Brando, Elizabeth Taylor, and Robert Forester.

Reflections on Lee

A Historian's Assessment *LSU Press*

?

The Mismeasure of Man (Revised and Expanded) *W. W. Norton & Company*

The definitive refutation to the argument of *The Bell Curve*. When published in 1981, *The Mismeasure of Man* was immediately hailed as a masterwork, the ringing answer to those who would classify people, rank them according to their supposed genetic gifts and limits. And yet the idea of innate limits—of biology as destiny—dies hard, as witness the attention devoted to *The Bell Curve*, whose arguments are here so effectively anticipated and thoroughly undermined by Stephen Jay Gould. In this edition Dr. Gould has written a substantial new introduction telling how and why he wrote the book and tracing the subsequent history of the controversy on innateness right through *The Bell Curve*. Further, he has added five essays on questions of *The Bell Curve* in particular and on race, racism, and biological determinism in general. These additions strengthen the book's claim to be, as Leo J. Kamin of Princeton University has said, "a major contribution toward deflating pseudo-biological 'explanations' of our present social woes."

Some Reflections Upon Marriage

Carry On

Reflections for a New Generation *Grand Central Publishing*

National Bestseller A brilliant and empowering collection of final reflections and words of wisdom from venerable civil rights champion, the late Congressman John Lewis at the end of his remarkable life. Congressman John Lewis was a paragon of the Civil Rights Movement and political leadership for decades. A hero we won't soon forget, Lewis was a beacon of hope and a model of humility whose invocation to "good trouble" continues to inspire millions across our nation. In his last months on earth, even while battling cancer, he dedicated time to share his memories, beliefs, and advice—exclusively immortalized in these pages—as a message to the generations to come. Organized by topic ranging from justice, courage, faith, mentorship, and forgiveness to the protests and the pandemic, and many more besides, Carry On collects the late Congressman's thoughts for readers to draw on whenever they are in need of guidance. Plunder

A Memoir of Family Property and Nazi Treasure *Houghton Mifflin*

From a gifted young writer, the story of his quest to reclaim his family's apartment building in Poland--and of the astonishing entanglement with Nazi treasure hunters that follows Menachem Kaiser's brilliantly told story, woven from improbable events and profound revelations, is set in motion when the author takes up his Holocaust-survivor grandfather's former battle to reclaim the family's apartment building in Sosnowiec, Poland. Soon, he is on a circuitous path to encounters with the long-time residents of the building, and with a Polish lawyer known as "The Killer." A surprise discovery--that his grandfather's cousin not only survived the war, but wrote a secret memoir while a slave laborer in a vast, secret Nazi tunnel complex--leads to Kaiser being adopted as a virtual celebrity by a band of Silesian treasure seekers who revere the memoir as the indispensable guidebook to Nazi plunder. Propelled by rich original research, Kaiser immerses readers in profound questions that reach far beyond his personal quest. What does it mean to seize your own legacy? Can reclaimed property repair rifts among the living? Plunder is both a deeply immersive adventure story and an irreverent, daring interrogation of inheritance--material, spiritual, familial, and emotional.

Proving Manhood

Reflections on Men and Sexism *Univ of California Press*

Essential reading for understanding the modern American man and his struggle with the women in his life.

Who Is Michael Ovitz? *Penguin*

If you're going to read one book about Hollywood, this is the one. As the co-founder of Creative Artists Agency, Michael Ovitz earned a reputation for ruthless negotiation, brilliant strategy, and fierce loyalty to his clients. He reinvented the role of the agent and helped shape the careers of hundreds of A-list entertainers, directors, and writers, including Steven Spielberg, Martin Scorsese, Meryl Streep, Sean Connery, Bill Murray, Robin Williams, and David Letterman. But this personal history is much more than a fascinating account of celebrity friendships and bare-knuckled dealmaking. It's also an underdog's story: How did a middle-class kid from Encino work his way into the William Morris mailroom, and eventually become the most powerful person in Hollywood? How did an agent (even a superagent) also become a power in producing, advertising, mergers & acquisitions, and modern art? And what were the personal consequences of all those deals? After decades of near-silence in the face of controversy, Ovitz is finally telling his whole story, with remarkable candor and insight.

The Surrendered

Reflections by a Son of Shining Path *Duke University Press*

When Peruvian public intellectual José Carlos Agüero was a child, the government imprisoned and executed his parents, who were members of Shining Path. In *The Surrendered*—originally published in Spanish in 2015 and appearing here in English for the first time—Agüero reflects on his parents' militancy and the violence and aftermath of Peru's internal armed conflict. He examines his parents' radicalization, their lives as guerrillas, and his tumultuous childhood, which was spent in fear of being captured or killed, while grappling with the complexities of public memory, ethics and responsibility, human rights, and

reconciliation. Much more than a memoir, *The Surrendered* is a disarming and moving consideration of what forgiveness and justice might mean in the face of hate. This edition includes an editor's introduction, a timeline of the Peruvian conflict, and an extensive interview with the author.

New York, New York, New York

Four Decades of Success, Excess, and Transformation *Simon and Schuster*

A New York Times Notable Book A lively, immersive history by an award-winning urbanist of New York City's transformation, and the lessons it offers for the city's future. Dangerous, filthy, and falling apart, garbage piled on its streets and entire neighborhoods reduced to rubble; New York's terrifying, if liberating, state of nature in 1978 also made it the capital of American culture. Over the next thirty-plus years, though, it became a different place—kinder and meaner, richer and poorer, more like America and less like what it had always been. New York, New York, New York, Thomas Dyja's sweeping account of this metamorphosis, shows it wasn't the work of a single policy, mastermind, or economic theory, nor was it a morality tale of gentrification or crime. Instead, three New Yorks evolved in turn. After brutal retrenchment came the dazzling Koch Renaissance and the Dinkins years that left the city's liberal traditions battered but laid the foundation for the safe streets and dotcom excess of Giuliani's Reformation in the '90s. Then the planes hit on 9/11. The shaky city handed itself over to Bloomberg who merged City Hall into his personal empire, launching its Reimagination. From Hip Hop crews to Wall Street bankers, D.V. to Jay-Z, Dyja weaves New Yorkers famous, infamous, and unknown—Yuppies, hipsters, tech nerds, and artists; community organizers and the immigrants who made this a truly global place—into a narrative of a city creating ways of life that would ultimately change cities everywhere. With great success, though,

came grave mistakes. The urbanism that reclaimed public space became a means of control, the police who made streets safe became an occupying army, technology went from a means to the end. Now, as anxiety fills New Yorker's hearts and empties its public spaces, it's clear that what brought the city back—proximity, density, and human exchange—are what sent Covid-19 burning through its streets, and the price of order has come due. A fourth evolution is happening and we must understand that the greatest challenge ahead is the one New York failed in the first three: The cures must not be worse than the disease. Exhaustively researched, passionately told, *New York, New York, New York* is a colorful, inspiring guide to not just rebuilding but reimagining a great city.
