### **Conflict Human Needs Theory Springer ...**

"When a basic need is not satisfied," Johan Galtung has written, "some kind of fundamental disintegration will take place." 2 Galtung identifies two broad categories of social disintegration: "freezing" (lack of

participation, apathy, withdrawal) and “boiling” (overactivity, mutiny, revolt). 3 Other classifications and metaphors might be more apt, but the essential point remains: what leads us to think about basic needs are the unpleasant consequences of their non-satisfaction.

Abstract. It is  
 becoming increasingly  
 evident that if needs  
 theory is to prevail as a  
 viable part of social  
 theory it must have an  
 ontological grounding  
 which hopefully will  
 provide a basis for  
 agreement among  
 scholars and help  
 silence the critics.
