Gender Place And The Labour

Book Description. Although research on the labour market has remained central to the development of work on gender in geography, there has been an absence of texts on the importance of space in relation to employment. This volume explores the geography of women's participation in the UK labour market and centres on the importance of work-home interdependencies and factors which both influence women's decision-making processes and contribute to the formation of their perceived societal role.

Gender Place And The Labour Market - s2.kora.com

Both the gender division of labor and gender inequality in a society depend on its cultural beliefs about the nature and social value of gender differences in competencies and traits. Such taken for granted beliefs allow actors to be reliably categorized as men and women in all contexts and understood as more or less appropriate candidates for different roles and positions in society.

Gender Division of Labour - an overview | ScienceDirect Topics

Gender and Labour in Korea and Japan-Ruth Barraclough 2009-09-10 Bringing together for the first time sexual and industrial labour as the means to understand gender, work and class in modern Japan and Korea, this book shows that a key feature of the industrialisation of these countries was the associated development of a modern sex labour industry. Tying industrial and sexual labour together, the book opens up a range of key questions: In what economy do we place the labour of

Gender and the labour market: Evidence from experiments. Women have made major inroads in labour markets throughout the past century. As a result, there has been a clear convergence in their levels of human capital investment and their employment prospects and outcomes relative to those of men. But while in most rich countries the gender gap in education has closed – and even reversed – there remain considerable gender differences in pay and employment levels, as well as in the types of ...
