First Time for Everything

A Novel Ballantine Books

An unflinchingly honest, wickedly funny, and heartfelt debut about a down-on-his-luck gay man working out how he fits into the world, making up for lost time, and opening himself up to life’s possibilities “Hilarious, tender, raw, and heart-stoppingly moving . . . I adored this powerful, wonderful book.”—Amanda Eyre Ward, New York Times bestselling author of The Jetsetters Danny Scudd is absolutely fine. He always dreamed of escaping the small-town life of his parents’ fish-and-chip shop, moving to London, and becoming a journalist. And, after five years in the city, his career isn’t exactly awful, and his relationship with pretentious Tobbs isn’t exactly unfulfilling. Certainly his limited-edition Dolly Parton vinyls and many (maybe too many) house plants are hitting the spot. But his world is flipped upside down when a visit to the local clinic reveals that Tobbs might not have been exactly faithful. In fact, Tobbs claims they were never operating under the “heteronormative paradigm” of monogamy to begin with. Oh, and Danny’s flatmates are unceremoniously evicting him because they want to start a family. It’s all going quite well. Newly single and with nowhere to live, Danny is forced to move in with his best friend, Jacob, a flamboyant nonbinary artist whom he’s known since childhood, and their eccentric group of friends living in an East London “commune.” What follows is a colorful voyage of discovery through modern queer life, dating, work, and lots of therapy—all places Danny has always been too afraid to fully explore. Upon realizing just how little he knows about himself and his sexuality, he careens from one questionable decision (and man) to another, relying on his inscrutable new therapist and housemates to help him face the demons he’s spent his entire life trying to repress. Is he really fine, after all?

Catacalos went on to become a Dobie-Paisano fellow, a Stegner fellow, a recipient of an NEA creative writing fellowship, and numerous other honors. This book is unique in that it pairs and often plays against each other the mythologies of Catacalos's mixed Greek and Mexican backgrounds. My First Time in Charge

Stop Worrying - Start Performing Practical Guide for New Managers *AuthorHouse*

The book is divided into two main areas: rational and emotional. I believe that a good manager must first of all master the rational part, but to become an excellent and complete manager, he or she cannot forget the emotional part of the job. Blending the rational and emotional parts will be a recipe for success and fulfillment. The book is a practical guide with intent to offer pragmatic tools and frameworks to new managers. It is the book I wished to have when I started my journey as a manager with business responsibilities. I wrote it based on my real life management experience. I took notes for about four years of the lessons I learned during my first field assignment. I struggled, but finally I have been successful. I wished during my beginnings to have a mentor to coach me and help me to speed up my learning curve. I wish this book can be the practical guide to help others reducing the stress and worries that inevitably happen when taking on a managerial role for the first time. I also wish to help new managers to deliver better and faster high performances.

Now, in The First Time, Colton opens up about how he came to find himself and true love at the same time via the Bachelor franchise. Unencumbered by cameras and commercial breaks, he delivers a surprisingly raw, endearing, and seriously juicy account of his journey through The Bachelorette, Bachelor in Paradise, and The Bachelor, along with what has happened with him and Cassie Randolph since his season wrapped. Substitution of the Paradox Purchasing Savings through First-Time-Right Procurement (FTRP) *Springer*

Based on more than 10 years of practical experience in the field of supply chain management, Oliver Münch indicates that in favor of sustainability within the supply chain the paradox purchasing savings can and should be substituted with the approach of the First-Time-Right Procurement. It indicates that monetary purchasing savings exert a negative impact on sustainable company success. In order to achieve a long-term sustainable success, it is proposed that the monetary measurement of purchasing savings can be replaced by measuring process times within the procurement organization.

First Time Up

An Insider'S Guide For New Composition Teachers

"First time up?"—an insider’s friendly question from 1960s counter-culture—perfectly captures the spirit of this book. A short, supportive, practical guide for the first-time college composition instructor, the book is upbeat, wise but friendly, casual but knowledgeable (like the voice that may have introduced you to certain other firsts). With an experiential focus rather than a theoretical one, First Time Up will be a strong addition to the newcomer’s professional library, and a great candidate for the TA practicum reading list. Dethier, author of The Composition Instructor’s Survival Guide and From Dylan to Donne, directly addresses the common headaches, nightmares, and epiphanies of composition teaching—especially the ones that face the new teacher. And since legions of new college composition teachers are either graduate instructors (TAs) or adjuncts without a formal background in composition studies, he assumes these folks as his primary audience. Dethier’s voice is casual, but it conveys concern, humor, experience, and reassurance to the first-timer. He addresses all major areas that graduate instructors or new adjuncts in a writing program are sure to face, from career anxiety to thoughts on grading and keeping good classroom records. Dethier’s own eclecticism is well-represented here, but he reviews with considerable deftness the value of contemporary scholarship to first-time writing instructors—many of whom will be impatient with high theory. Throughout the work, he affirms a humane, confident approach to teaching, along with a true affection for college students and for teachers just learning to deal with them.

The Illusion of the First Time in Acting

Hell's Angels

A Strange and Terrible Saga *Ballantine Books*
Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell’s Angels, that is—in this short work of nonfiction. “California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again.” Thus begins Hunter S. Thompson’s vivid account of his experiences with California’s most notorious motorcycle gang, the Hell’s Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as The New Yorker pointed out, “For all its uninhibited and sardonic humor, Thompson’s book is a thoughtful piece of work.” As illuminating now as when originally published in 1967, Hell’s Angels is a gripping portrait, and the best account we have of the truth behind an American legend.
