Development Economics Theory And Practice [PDF, EPUB EBOOK]

Human development theory is a theory which uses ideas from different origins, such as ecology, sustainable development, feminism and welfare economics. It wants to avoid normative politics and is focused on how social capital and instructional capital can be deployed to optimize the overall value of human capital in an economy.

Development theory - Wikipedia

Development economics involves the creation of theories and methods that aid in the determination of policies and practices and can be implemented at either the domestic or international level.
