The Cabin in the Woods *Xulon Press*

"Cabin In The Woods" is a collection of true-life adventures with spiritual insights for young people. It focuses around the time my parents moved our family to a rural, Connecticut town called Cheshire. We took up residence in an old, rustic cabin sitting deep in the woods. There was no running water, no bathroom, no heat and no electricity, only a huge stone fireplace for cooking. But, it was there during that first summer that my parents began to build their "dream house." For me, it was the adventure of a lifetime, and the things I learned about life and God were immeasurable. From living in a pine bark cabin to building a house in the woods; from cornering wild woodchucks to getting squirted by skunks; from raising dogs to chasing weasels. I'd like to share these early, "cabin adventures" with young people of all ages to enjoy. Ed Kenerson attended Gordon College (B.A. Psychology) and Gordon Conwell Seminary (Masters of Religious Education) and has over 10 years experience in Christian Education and Youth Ministry. At present, he manages his own training and communications business called Steps To Success, delivering multi-media presentations to businesses in areas of career management, customer service, and time management. In addition, he reaches out to teenagers in high schools through Career Coach, USA, a strategic ministry designed to teach young people the principles of both personal and professional success. Ed is married to Kathy with two children and eight grandchildren.

For the first time, these books are combined into a deluxe two-color vintage package. In prose both practical and inspirational, Meinecke details how to turn your cabin dream into a reality, such as choosing land, using tools, and the basics of construction. He provides hand-drawn floor plans for a variety of cabins, from a simple two-room to a more complex long house; the best way to build fireplaces, both indoors and out; and instructions for basic furniture, lighting, and other touches that make a cabin feel like home. Throughout are Meinecke's thoughts on ways to enjoy your new-found space, from hearty fireplace recipes to the types of wood for a perfect fire and the beauty found in birdsong. Instructional as it may be, the book's enduring appeal owes in large part to its warmly engaging tone and firm belief in the restorative power of nature and the satisfaction of hard work. He writes, "Take full enjoyment in the building. Take time out to rest. Most city folks seem always to rush things through. Why? Lay off until tomorrow. Take an afternoon nap. Stop the clock for the weekend. Get off to an early start in the cool of tomorrow morning. You may be crowded in your work in town, but this should be your rest cure, your recreating."

The Cabin at the End of the World

A Novel *HarperCollins*

“A tremendous book—thought-provoking and terrifying, with tension that winds up like a chain. The Cabin at the End of the World is Tremblay’s personal best. It’s that good.” — Stephen King The Bram Stoker Award-winning author of A Head Full of Ghosts adds an inventive twist to the home invasion horror story in a heart-palpitating novel of psychological suspense that recalls Stephen King’s Misery, Ruth Ware’s In a Dark, Dark Wood, and Jack Ketchum’s cult hit The Girl Next Door. Seven-year-old Wen and her parents, Eric and Andrew, are vacationing at a remote cabin on a quiet New Hampshire lake. Their closest neighbors are more than two miles in either direction along a rutted dirt road. One afternoon, as Wen catches grasshoppers in the front yard, a stranger unexpectedly appears in the driveway. Leonard is the largest man Wen has ever seen but he is young, friendly, and he wins her over almost instantly. Leonard and Wen talk and play until Leonard abruptly apologizes and tells Wen, "None of what’s going to happen is your fault". Three more strangers then arrive at the cabin carrying unidentifiable, menacing objects. As Wen sprints inside to warn her parents, Leonard calls out: "Your dads won’t want to let us in, Wen. But they have to. We need your help to save the world." Thus begins an unbearably tense, gripping tale of paranoia, sacrifice, apocalypse, and survival that escalates to a shattering conclusion, one in which the fate of a loving family and quite possibly all of humanity are entwined. The Cabin at the End of the World is a masterpiece of terror and suspense from the fantastically fertile imagination of Paul Tremblay. “Read Paul Tremblay's new novel, The Cabin at the End of the World, and you might not sleep for a week. Longer. It will shape your nightmares for months - that's pretty much guaranteed.” — NPR “Gripping, horrifying, and mesmerizing.” — GQ “A tour-de-force of psychological and religious horror.” — BN.com “A blinding tale of survival and sacrifice.” — Kirkus Reviews “Tremblay has a real winner here.” — Tor.com

The Cabin in the Mountains

A Norwegian Odyssey *Head of Zeus Ltd*

Turf-roofed and wooden-built, offering fresh clean air, peace, isolation and the promise of a day's wood-chopping, hiking or snow-clearing amid amid

landscapes of great beauty, the hytte – or wooden cabin home – is a crucial part of the national identity of every Norwegian. In 2016, Robert Ferguson and his wife bought a piece of land high up in the Hardangervidda, the plateau that dominates south-central Norway, and on it they built such a hytte. For Ferguson, the hytte represented the realisation of a dream that first brought him to Norway from England more than thirty years ago. As the cabin takes shape he learns, through conversations with friends and cabin-builders, the cultural history of modern Norway. He learns of the changing traditions attached to these cabin homes for native Norwegians as they try to marry their new-found urban affluence to their past as a tight-knit, impoverished rural community-nation. Along the way he also describes the intense and mutually rewarding relationship that arose between the colonial Norwegians and their wealthy, imperialist British neighbours across the North Sea in the 19th and 20th centuries; how the British 'salmon-lords' showed them another way of looking at their great rivers, and how English climbers introduced them to a new way of thinking about their mountains.

After the sheriff’s department fails to find him, Michelle scrambles down the same dark mountainside alone, the strange, beckoning light her only guide. What she discovers is a cabin, identical to theirs, housing a life she barely recognizes—and a husband she hardly knows. Cliff is a changed man. Now caring and considerate, no longer a manipulative womanizer, he is also missing a finger. He claims that Cassie, their teenage daughter, is dead, killed in a car accident over a year ago. Michelle knows that’s not possible—Cassie had phoned her from Atlanta only hours before. Even when shown Cassie’s grave, Michelle refuses to accept she’s gone. Michelle wants her daughter and her life back, and the only clue to what has happened is a man named Pink. A real estate agent and the man who years earlier built Michelle and Cliff’s cabin, Pink was rumored to have killed his wife and buried her on the property, then vanished, never to be seen again. But in Michelle’s new reality, Pink and his wife still reside in town and Pink’s smile-splashed billboards are everywhere. To get back to the world where her daughter exists, Michelle must unravel the mystery of Pink while questioning her very reality—and her sanity. Haunting, atmospheric, and deeply thought-provoking, The Cabin on Souder Hill questions the very nature of our existence and the choices we make to form it.

One Step at a Time *Vintage*
"Placing one foot in front of the other, embarking on the journey of discovery, and experiencing the joy of exploration--these activities are intrinsic to our nature. Our ancestors traveled long distances on foot, gaining new experiences and learning from them. But as universal as walking is, each of us will experience it differently. For Erling Kagge, it is the gateway to the questions that fascinate him--Why do we walk? Where do we walk from? What is our destination?--and in this book he invites us to investigate them along with him. Language reflects the idea that life is one single walk; the word "journey" comes from the distance we travel in the course of a day. Walking for Kagge is a natural accompaniment to creativity: the occasion for the unspoken dialogue of thinking. Walking is also the antidote to the speed at which we conduct our lives, to our insistence on rushing, on doing everything in a precipitous manner--walking is among the most radical things we can do."--Front flap
