Howling at the Moon is the first book in Karen MacInerney's Tales of an Urban Werewolf series. Having little experience with

paranormal mystery series, I was eager to try out this series. The plot wa Being a female werewolf is not nearly as glamorous as you would think.

Howling at the Moon had witches and werewolves and some very "steamy" scenes. The story was about a half-werewolf and her escapades. Her mother is a witch accused of a crime and Sophie, our resident werewolf, has to solve the crime to exonerate her mother. The story is a slight departure from previous books by this author but still enjoyable!

Howling at the Moon is a fun take on the werewolf story, and Sophie Garou is one of my favorite characters. Anyone who's ever had to balance a professional career with a complicated personal life will appreciate how Sophie shines despite her rather hairy problem. I wish I could give this

six stars! I would recommend this to anyone!
