Philosophy of mind, philosophical reflection on the nature of mental phenomena and especially on the relation of the mind to the body and to the rest of the physical world. It is specifically concerned with the nature of thought, feeling, perception, consciousness, and sensory experience.

philosophy of mind | Problems, Theories, & Facts | Britannica

Philosophy of mind is a branch of philosophy that studies the

ontology and nature of the mind and its relationship with the body. The mind-body problem is a paradigmatic issue in philosophy of mind, although a number of other issues are addressed, such as the hard problem of consciousness and the nature of particular mental states. Aspects of the mind that are studied include mental events ...

Mind | Britannica

Summary. The philosophy of mind covers all philosophical topics pertaining to the

mind and mental states. Its subtopics can be divided in two main ways. First, by the traditional divisions drawn between kinds of mental states: consciousness, intentionality, perception, and other states and processes. Second, by the types of philosophical questions asked about these activities: especially metaphysical questions that have to do with their nature (especially the relation between the mental and ...
