Buried Alive: The Terrifying History of Our Most Primal ...

In 1859, a Dr.von Röser conducted an experiment to see if people could really survive several days being buried alive, as some accounts had claimed. He buried several rats and mice alive in a coffin and dug it back up after a few days. As it turns out, the animals survived by eating each other (though I'm not sure how they got air).

The people who were BURIED ALIVE by mistake

In Macedonia, Greece, police investigation concluded that a 49-year-old woman was buried alive after being declared dead due

to cancer; her family reported that they could hear her scream from inside the earth at the cemetery shortly after burial, and the investigation revealed that she died of heart failure inside the coffin and found out that it was the medicines given to her by her doctors for her cancer that caused her to be declared clinically dead and buried alive.

Premature burial - Wikipedia

Before the era of modern medicine, the fear was not entirely irrational. Throughout history, there have been numerous cases of people being buried alive by accident. In 1905, the English reformer William Tebb collected accounts of premature burial. He found 219 cases of near live burial, 149 actual live burials, 10 cases of live dissection and 2 cases of awakening while being embalmed.
