Linux Mint 12 KDE RC released! - Linux Mint - ITzGeek

Overall, Linux Mint 12 KDE delivers a decent experience, with good default settings and functionality that should appeal to a wide range of users. Out of the box, it does what most people need or require. But it has a handful of bugs and glitches that do not belong. And for this reason, it cannot take the lead of the pack.

Linux Mint 12 Lisa KDE - I don't know what to think

Found this user guide two days after installing Linux Mint 14 alongside Windows 7 and 8. I had no problems at all with the installation. I just wish that I've read this earlier.
