Fairest The Lunar Chronicles 35

Fairest is a prequel to the events in the Lunar Chronicles series. It tells the story of Queen Levana and how she got where she is and how she became to evil. There are moments when you feel sorry for her but when given a chance to redeem herself, she never does. This was a great (and essential) read for fans of the Lunar Chronicles but I can't say that I loved it because I couldn't connect with her character.

What happened in Fairest? (The Lunar Chronicles #3.5)

“Fairest” is the backstory on the Lunar Chronicles antagonist; Queen Levana—the evil queen. It’s set before the events in Cinder, but I have to agree with the author that it would be good to read in-between “Cress” and “Winter”. This book was what made me devour the rest of the series in two days.
