 “You’re going to be okay,” he said.  
 “Once the bleeding stops, you’re going to be okay.”. His breathing was too shallow and his speech was too fast. His hands were shaking. A part of his brain knew he was in shock, knew he needed to stop and think, to figure out what he could do in a rational way, but nothing except what he was doing right now seemed possible, at least not until he felt the sharp prick of a knife’s blade in his forearm.

In Fire and Ice, readers get to think about how people survive in extreme cold; frostbite is narrowly avoided, seals are hunted, and oil from their fat is burned in place of firewood. In all the books in the series, enhanced powers that the spirit animals pass to their human counterparts will get readers thinking about animals' keener eyesight, superior jumping ability and agility, and so on, and perhaps spark some conversation about which skills are natural and which -- such as prophecy, ...
