A pronunciation respelling for English is a notation used to convey the pronunciation of words in the English language, which does not have a phonemic orthography (i.e. the spelling does not reliably

indicate pronunciation).. There are two basic types of pronunciation respelling: "Phonemic" systems, as commonly found in American dictionaries, consistently use one symbol per English phoneme.

Pronunciation respelling for English - Wikipedia

Through his Introduction to the Pronunciation of English, first published in 1962, Gimson became an authority on Received Pronunciation. He succeeded Jones as editor of the English Pronouncing Dictionary, making significant changes to its content and presentation. He was known to generations of students and colleagues simply as 'Gim'.
