Medieval Theology and the Natural Body - Eamon Duffy ...

The development of natural theology in the Middle Ages was driven by the rebirth experienced by Western Europe beginning in the 1000s owing to the emergence of stable monarchies and reconquest of the Iberian Peninsula. This expansion gave scholars access to the vast libraries of scientific and philosophical literature held in Arabic cultural centres - libraries that contained Aristotelian works on natural, ethical, and metaphysical sciences, which had for centuries been lost to the Latin West.

Natural Theology in the Middle Ages - Oxford Handbooks

Although many thinkers in the Middle Ages tried to unite theology and natural theology into a unity of thought, the project frequently met with objections, as we shall see below. The modern era was partly defined by a widespread rejection of natural theology for both philosophical and theological reasons.

Natural Theology | Internet Encyclopedia of Philosophy

Medieval Latin natural philosophy falls into two main periods, before the rise of the universities (mainly in the twelfth century, when works were produced in connection with aristocratic patrons, monastic institutions or cathedral schools) and after their rise. In the earlier period, the dominant Greek influence is that part of Plato’s Timaeus which had been translated into Latin and commented on by Calcidius.
