Most of the pages of The Lancet are naturally devoted to scientific research, the technical underpinning and engine of medical progress. But medicine is influenced by a host of factors that have little to do with science. It is a socially and culturally embedded dynamic process. It is informed by and inextricably bound up with history, literature, ethics, religion, and philosophy—in short ...

Medicine, The Art - CBS News

Arts and medicine were always

connected: Ars Medicinae, “The Art of Healing.” Due to the rapid development of technology in the last 100 years, our attention was drawn to the physical realm, and we lost our connection with the deep and powerful mystery of our consciousness. Re-integrating arts and medicine can restore that connection.

Good literature will also enrich our language with words, concepts and visions of human existence. This I believe summarises the relationship between the arts and medicine. “True art is moral: it seeks to improve life and not debase it. It seeks to hold off, at least for a while, the twilight of the gods and us!” 35
