The Practice Of Dentistry A

PRIVATE DENTAL PRACTICE. Traditionally dental care in the United States has been delivered by independent private practitioners. The American Dental Association (ADA) estimated that approximately 93% of all active dentists were in private practice in 1998. 15 This proportion has remained remarkably stable over the years. Indeed, an essential feature of dental care delivery in the United States is the diversity of practice modes and their constant evolution within a private practice philosophy.
