Sam Brandis was Tate Jones’s first: Her first love. Her first everything. Including her first heartbreak. So when it became clear her trust was misplaced, her world shattered for good. Fourteen years later, Tate, now an up-and-coming actress, only thinks about her first love every once in a blue moon. When she steps onto the set of her first big break, he’s the last person she expects to see. Yet here Sam is, the same charming, confident man she knew, but even more alluring than she remembered. Comma Press
'The stories in this collection brilliantly draw a world through brief details and coincidence.' - The Manchester Review. A woman receives a postcard from a married man she's never met, addressed, it would seem, to his mistress... A successful business man tries to scheme his way out of a paternity test by offering his less fortunate brother a deal he cannot refuse... A teenage boy escapes the grief-stricken atmosphere of his home, in the wake of his brother's death, by taking refuge in the immaculate violence of American horror movies... Each of Sverrisson's stories offers an intricate study in the precariousness of life, the frailty of every fleeting opportunity. Characters are scarred by simple, careless actions. Lives turn on the smallest events: a child steals cash from his father for a pretend-money game and unwittingly throws his brother’s entire life off balance; a man has a one-night stand with a married woman and only realises the consequences years later; an overbearing girlfriend sends her cynical boyfriend a letter that stops him in his tracks. Yet amid the anonymity of urban life, the random accidents and mistaken identities that make up Sverrisson’s stories, there can also be found an abiding faith in the unexpected gifts that chance throws up: synchronicities, coincidences, moments in time seen from new perspectives that offer fresh secrets, and, occasionally, even a second chance. 'A splendid collection... Sverrisson is a great author who cunningly masters the spare form of the short story.' — Páll Baldvín Baldvinsson

The Beauty of Living Twice *Vintage*

NEW YORK TIMES BEST SELLER • Sharon Stone tells her own story: a journey of healing, love, and purpose. • “Not your typical Hollywood autobiography. Brutally honest, restless and questing.” —O, The Oprah Magazine Sharon Stone, one of the most renowned actresses in the world, suffered a massive stroke that cost her not only her health, but her career, family, fortune, and global fame. In The Beauty of Living Twice, Stone chronicles her efforts to rebuild her life and writes about her slow road back to wholeness and health. In a business that doesn’t accept failure, in a world where too many voices are silenced, Stone found the power to return, the courage to speak up, and the will to make a difference in the lives of men, women, and children around the globe. Over the course of these intimate pages, as candid as a personal conversation, Stone talks about her pivotal roles, her life-changing friendships, her worst disappointments, and her greatest accomplishments. She reveals how she went from a childhood of trauma and violence to a career in an industry that in many ways echoed those same assaults, under cover of money and glamour. She describes the strength and meaning she found in her children, and in her humanitarian efforts. And ultimately, she shares how she fought her way back to find not only her truth, but her family’s reconciliation and love. Stone made headlines not just for her beauty and her talent, but for her candor and her refusal to “play nice,” and it’s those same qualities that make this memoir so powerful. The Beauty of Living Twice is a book for the wounded and a book for the survivors; it’s a celebration of women’s strength and resilience, a reckoning, and a call to activism. It is proof that it’s never too late to raise your voice and speak out.

Revenge of the Scapegoat *New York Review of Books*

From the author of Blackfishing the IUD, a darkly hilarious novel about familial trauma, chronic illness, academic labor, and contemporary art. In the tradition of Rabelais, Swift, and Fran Ross—the tradition of biting satire that joyfully embraces the strange and fantastical—and drawing upon documentary strategies from Sheila Heti, Caren Beilin offers a tale of familial trauma that is also a broadly inclusive skewering of academia, the medical industry, and the contemporary art scene. One day Iris, an adjunct at a city arts college, receives a terrible package: recently unearthed letters that her father had written to her in her teens, in which he blames her for their family’s crises. Driven by the raw fact of receiving these devastating letters not once but twice in a lifetime, and in a panic of chronic pain brought on by rheumatoid arthritis, Iris escapes to the countryside—or some absurdist version of it. Nazi cows, Picassos used as tampons, and a pair of arthritic feet that speak in the voices of Flaubert’s Bouvard and Pécuchet are standard fare in this beguiling novel of odd characters, surprising circumstances, and intuitive leaps, all brought together in profoundly serious ways.
