Mental health services in India are

neglected area which needs immediate attention from the government, policymakers, and civil society organizations. Despite, National Mental Health Programme...

#### **(PDF) Mental Health Services in Rural India: Challenges ...**

A serious drawback of India's health service is the neglect of rural masses. It is largely a service based on urban hospitals. Although, there are large no. of PHCs and rural hospitals yet the urban bias is visible. According to health information 31.5% of hospitals and 16% hospital beds are situated in rural areas where 75% of total population resides.

#### **7 Major Problems of Health Services in India**

Rural India contains over 68% of India's total population, and half of all residents of rural areas live below the poverty line, struggling for better and easy access to health care and services. Health issues confronted by rural people are many and diverse - from severe malaria to uncontrolled diabetes, from a badly infected wound to cancer.

#### **Health in India - Wikipedia**

The National Rural Health Mission (NRHM), now under National Health Mission is an initiative undertaken by the government of India to address the health needs of under-served rural areas. Launched on 12 April 2005 by then Indian Prime Minister Manmohan Singh, the NRHM was initially tasked with addressing the health needs of 18 states that had been identified as having weak public health indicators.
