Results of the TNA analysis revealed the following major findings in the areas of demographics, training topics and preferred learning methods of the PHL community.

2018 Training Needs Assessment Survey Report

Training Needs Analysis (TNA) – Things to consider The way a TNA process is managed must depend on the culture (how things are done here). There is no point centralising the process if budgets are distributed across the organisation, equally there is no point delegating responsibility for the TNA process if managers have no say in the ability to offer solutions to meet needs.

Training Needs Analysis (TNA) - sample templates

As such, a staff skills audit (uncovering current situation) and training needs analysis (guiding future direction) is a vital first step in obtaining company-wide quantitative data on what skills an organisation's workforce currently has, and (based on the company's business objectives) where the skills gaps lie.
