The E36 models do not have a starter lock-out switch on the clutch pedal, so this is not an issue for your swap. However, you will need to play with the harness and wires for the automatic shifter. You will need to connect the wires for the park/neutral switch (for the starter to operate) and run the reverse light wires from the shifter harness, to the switch on the 5-speed transmission.

Pros. Greater control: A manual gearbox gives you more control over the car as you alone choose which gear to use. This can be particularly beneficial in wintry conditions. More speed: Some automatics can be slow and cumbersome, although many are now fitted with dual-clutch technology to make them quicker.
