Psychology 236 Introduction To Personality

Personality refers to
the long-standing traits
and patterns that
propel individuals to
consistently think, feel,
and behave in specific
ways. Our personality
is what makes us
unique individuals.
Each person has an
idiosyncratic pattern of

enduring, long-term characteristics and a manner in which he or she interacts with other individuals and the world around them.

Psychology 236 Introduction To Personality

Personality:
Introduction |
SparkNotes.
Personality—it's who
we are. Our
personalities
determine how we act
and react, as well as
how we interact with
and respond to the
world. Despite much
research, the origins of
personality are still a
mystery, though there
are many theories that

attempt to explain them. Some researchers propose that children learn personality from their parents; others believe personality is fixed from birth.
