The Tapco S8 are a set of monitors that are great for home use. Especially if you room where you will have them in is pretty small. I have used these off and on for about 5 years now in a room that is 10 by 10 and they continue to work great and cause no problems at all. You must keep these at a middle volumn and not turn the up too much.

The S8's sound fantastic, I am absolutely convinced that the only difference is price and low end responce. The S8's are tighter than the HR824's but to be honest I find the HR824's too loose. I am extremely pleased woth the TAPCO S8's. For the price, they definately out-perform any of the similar priced monitors in their

class.
