The Tree in the Courtyard: Looking Through Anne Frank's Window *Knopf Books for Young Readers*

A New York Times Best Illustrated Children's Book A New York Public Library Best Book for Kids, 2016 Told from the perspective of the tree outside Anne Frank's window—and illustrated by a Caldecott Honor artist—this book introduces her story in a gentle and incredibly powerful way to a young audience. The tree in the courtyard was a horse chestnut. Her leaves were green stars; her flowers foaming cones of white and pink. Seagulls flocked to her shade. She spread roots and reached skyward in peace. The tree watched a little girl, who played and laughed and wrote in a diary. When strangers invaded the city and warplanes roared overhead, the tree watched the girl peek out of the curtained window of the annex. It watched as she and her family were taken away—and when her father returned after the war, alone. The tree died the summer Anne Frank would have turned eighty-one, but its seeds and saplings have been planted around the

world as a symbol of peace. Its story, and Anne's story, are beautifully told and illustrated in this powerful picture book.

Outside Looking In

A Novel *HarperCollins*

A provocative new novel from bestselling author T.C. Boyle exploring the first scientific and recreational forays into LSD and its mind-altering possibilities In this stirring and insightful novel, T.C. Boyle takes us back to the 1960s and to the early days of a drug whose effects have reverberated widely throughout our culture: LSD. In 1943, LSD is synthesized in Basel. Two decades later, a coterie of grad students at Harvard are gradually drawn into the inner circle of renowned psychologist and psychedelic drug enthusiast Timothy Leary. Fitzhugh Loney, a psychology Ph.D. student and his wife, Joanie, become entranced by the drug's possibilities such that their "research" becomes less a matter of clinical trials and academic papers and instead turns into a free-wheeling exploration of mind expansion, group dynamics, and communal living. With his trademark humor and pathos, Boyle moves us through the Loneys' initiation at one of Leary's parties to his notorious summer seminars in Zihuatanejo until the Loneys' eventual expulsion from Harvard and their introduction to a communal arrangement of thirty devotees—students, wives, and children—living together in a sixty-four room mansion and devoting themselves to all kinds of experimentation and questioning. Is LSD a belief system? Does it allow you to see God? Can the Loneys' marriage—or any marriage, for that matter—survive the chaotic and sometimes

orgiastic use of psychedelic drugs? Wry, witty, and wise, *Outside Looking In* is an ideal subject for this American master, and highlights Boyle's acrobatic prose, detailed plots, and big ideas. It's an utterly engaging and occasionally trippy look at the nature of reality, identity, and consciousness, as well as our seemingly infinite capacities for creativity, re-invention, and self-discovery.

Looking Out, Looking in

Anthology of Latino Poetry *Arte Publico Press*

The poems included in this comprehensive anthology run the gamut of styles and themes, but all are by Latinos writing from the mid- twentieth century to the present. Some deal with issues specific to the Hispanic experience, such as displacement, identity and language. Others ponder universal concerns, such as love, family and humanity. In "Letter to Arturo," Mexican-American poet Lucha Corpi pens a song of love to her son: "You've hardly left / and already I miss the light / caress of your hands / on my hair, / and your laughter and your tears, / and all your questions / about seas, / moons and deserts. / And all my poems / are tying themselves together / in my throat." More than 60 Latino poets are represented in this wide-ranging collection that focuses on poetry from the four largest groups in the United States: Mexican Americans, Cuban Americans, Puerto Ricans and Dominican Americans. Included are distinguished poets such as Julia Álvarez, Gloria Anzaldúa, Jimmy Santiago Baca, Martín Espada and Pedro Pietri, as well as less well-known writers who deserve more recognition. Whether writing about timeless issues or themes specific to their community, the poets in this volume

craft a multilayered look at what it means to be Latino in the United States. *Looking Out, Looking In* is an indispensable and welcome addition to American and Latino literatures.

Inside the Critics' Circle

Book Reviewing in Uncertain Times *Princeton University Press*

An inside look at the politics of book reviewing, from the assignment and writing of reviews to why critics think we should listen to what they have to say. Taking readers behind the scenes in the world of fiction reviewing, *Inside the Critics' Circle* explores the ways critics evaluate books despite the inherent subjectivity involved and the uncertainties of reviewing when seemingly anyone can be a reviewer. Drawing on interviews with critics from such venues as the New York Times, Los Angeles Times, and Washington Post, Phillipa Chong delves into the complexities of the review-writing process, including the considerations, values, and cultural and personal anxieties that shape what critics do. Chong explores how critics are paired with review assignments, why they accept these time-consuming projects, how they view their own qualifications for reviewing certain books, and the criteria they employ when making literary judgments. She discovers that while their readers are of concern to reviewers, they are especially worried about authors on the receiving end of

reviews. As these are most likely peers who will be returning similar favors in the future, critics' fears and frustrations factor into their willingness or reluctance to write negative reviews. At a time when traditional review opportunities are dwindling while other forms of reviewing thrive, book reviewing as a professional practice is being brought into question. *Inside the Critics' Circle* offers readers a revealing look into critics' responses to these massive transitions and how, through their efforts, literary values get made.

But she doesn't get there the same way, and doesn't refer to her adventures in Wonderland so much as once. Nobody's Looking at You

Essays *Farrar, Straus and Giroux*

A New York Times Book Review Editors' Choice. A 2019 NPR Staff Pick. "Malcolm is always worth reading; it can be instructive to see how much satisfying craft she brings to even the most trivial article." --Phillip Lopate, TLS Janet Malcolm's previous collection, *Forty-One False Starts: Essays on Artists and Writers*, was "unmistakably the work of a master" (The New York Times Book Review). Like *Forty-One False Starts*, *Nobody's Looking at You*

brings together previously uncompiled pieces, mainly from *The New Yorker* and *The New York Review of Books*. The title piece of this wonderfully eclectic collection is a profile of the fashion designer Eileen Fisher, whose mother often said to her, “Nobody’s looking at you.” But in every piece in this volume, Malcolm looks closely and with impunity at a broad range of subjects, from Donald Trump’s TV nemesis Rachel Maddow, to the stiletto-heel-wearing pianist Yuju Wang, to “the big-league game” of Supreme Court confirmation hearings. In an essay called “Socks,” the Pevears are seen as the “sort of asteroid [that] has hit the safe world of Russian Literature in English translation,” and in “Dreams and Anna Karenina,” the focus is Tolstoy, “one of literature’s greatest masters of manipulative techniques.” *Nobody’s Looking at You* concludes with “Pandora’s Click,” a brief, cautionary piece about e-mail etiquette that was written in the early two thousands, and that reverberates—albeit painfully—to this day.

Tim Davis: I'm Looking Through You *Aperture*

I'm Looking Through You is an expansive visual poem celebrating the glamorous surface of Los Angeles and its reach. Animating Tim Davis's wry observations and the mesmerizing, color-pop geometry of his images is the photographer and writer's decades long, gimlet-eyed meditation on making pictures. As Davis states, "The camera is a machine that sees only surfaces. The world casts its spell, and the camera gobbles up its glamour, uncritically, with pure certainty, assuming there is nothing underneath." Davis's keenly observational images, interspersed with a selection of his writings on the medium--the joys and pitfalls of camera seeing--solidify *I'm Looking Through You* as an unabashed celebration of photography.

Looking for Alaska

By John Green -- Sidekick *CreateSpace*

WARNING: This is not the actual book *Looking for Alaska* by John Green. Do not buy this reading Sidekick if you are looking for a full copy of this great book. Use this expert sidekick to dissect these themes in *Looking for Alaska*, while enjoying a detailed analysis of each chapter of the book. If that wasn't enough, we close with potential questions and responses to help you get the conversation started with co-workers, friends, or fellow book club members. This newly discovered gem from the past (2005) has become a must-read, thanks in no small part to the success of Green's 2012 masterpiece: *The Fault in Our Stars*. As many Green fans have already discovered, our sidekick is the ultimate go-to source for understanding the complexities of John Green's tales of teen angst and tragedy. *Looking for Alaska* tells the story of Miles Halter, a 16-year-old with a nondescript life who is seeking a "Great Perhaps." In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, as he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is

also a self-destructive sort, headed toward the "After" portion of *Looking for Alaska*, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.

On the Outside Looking Out

John Ashbery's Poetry

One of America's most important poets, John Ashbery has dazzled readers with the elusive pleasures of his work for over four decades. John Shoptaw heightens those pleasures by discovering the inner and outer workings of this incomparable poet. In readings attuned to the textual, sexual, and historical specificities of Ashbery's poetic project, from *Some Trees* through the vast summation of *Flow Chart*, Shoptaw introduces readers to the poet's processes of production. The first reader with full access to Ashbery's manuscripts and source materials, he is able to reveal the poet at work. He shows us, for instance, how Ashbery built "Europe" and "The Skaters" upon children's books picked up at a Paris quai and how he drew on his own unpublished lyrics for the long dialogue "Fantasia on The Nut-Brown Maid." Shoptaw argues that Ashbery's poems are less self-referential or nonrepresentational than misrepresentative: fractious assemblies of odd details, cryptic substitutions, and artful and artless discourses. He traces Ashbery's misrepresentative poetics to diverse sources--Walt Whitman, Raymond Roussel, W. H. Auden, Gertrude Stein, Elizabeth Bishop, Jackson Pollock, and Elliott Carter, among others. Ashbery's poetry, as Shoptaw

demonstrates, is inevitably "homotextual" while refraining from taking homosexuality as a topic. Ashbery disorients his poems with unexpected silences, lapses or wrong turns in arguments, mock confessions, and sudden abstractions. As this book reveals, Ashbery's misrepresentations yield a richer and stranger representation of ordinary experience. Ashbery takes his paradoxical stand on the outside looking out of an American culture and history we recognize as our own.

A Natural History of the Future

What the Laws of Biology Tell Us About the Destiny of the Human Species *Hachette UK*

Over the past century, our species has made unprecedented technological innovations with which we have sought to control nature. From river levees to enormous one-crop fields, we continue to try to reshape nature for our purposes - so much so it seems we may be in danger of destroying it. In *A Natural History of the Future*, biologist Rob Dunn argues that nothing could be further from the truth: rather than asking whether nature will survive us, better to ask whether we will survive nature. Despite our best - or worst - efforts to control the biological world, life has its own rules, and no amount of human tampering can rewrite them. Elucidating several fundamental laws of ecology, evolution, and biogeography, Dunn shows why life cannot be stopped. We sequester our crops on monocultured fields, only to find new life emerging to attack them. We dump toxic waste only to find microbes to colonize it. And even in the London Tube, we have seen a new species of mosquito emerge to take advantage of an

apparently inhospitable habitat. Life will not be repressed by our best-laid plans. Instead, Dunn shows us a vision of the biological future and the challenges the next generations could face. A Natural History of the Future sets a new standard for understanding the diversity of life and our future as a species.
