The key to

understanding what Thomas Sowell means when he talks about intellectuals is that intellectuals are not simply "thinking people." Intellectuals are people whose *end product* is simply an idea, and this idea is not subject to traditional real-world validation processes, but is subjected to the weaker form of validation known as peer review.

Intellectuals and Society by Thomas Sowell

As this passage from the preface of Thomas Sowell's book *Intellectuals and Society* suggests, we currently live in an era where intellectuals have immense influence. With that being said there have been few examinations

of the role that intellectuals have played in course of societal development over the past several generations.
