Understanding Failure, Resilience and Success *John Wiley & Sons*

For the first time, a top leadership scholar and a top leadership practitioner explore the true duties, demands, and privileges of leadership. Intellectual sparks flew when Warren Bennis, the “father” of modern leadership studies and Steven B. Sample, one of the most accomplished university presidents in recent history, came together for candid explorations of the forces that shape successful leaders and unsuccessful ones. *The Art and Adventure of Leadership*, their final collaboration, reveals the profound insights that the authors gained together over the 16 years in which they co-taught one of the most popular leadership courses in America. Here, each brings his own distinct vantage point as they address the mechanics and mysteries of leadership. The result is a unique examination of the journey of great leaders from momentary setbacks to ultimate success. It offers profound lessons on what determines the difference between failure and redemption for leaders. And it illuminates important and overlooked dimensions of great leaders ranging from Winston Churchill to Steve Jobs. Together, they explore why: A mature leader must grasp when it's healthy to risk failure, and when failure can't be tolerated at any cost Leadership isn't for everyone and requires a particular set of skills and competencies that are often glossed over in most management literature To succeed in an uncertain and fast-changing world, a shrewd leader must understand which aspects of human society change—and which aspects never change A mature, wise leader must seek a balance between high-minded ideals and the gritty realities and compromises that leaders face in their daily lives Above all, meaningful leadership remains a matter of character With incredible insight, this book examines why George Washington, Abraham Lincoln, and other giants were able to recover from failures, learn resilience, and prepare themselves for their moments of destiny. In so doing, it demonstrates and helps cultivate the leadership skills that you need to create your own most meaningful legacy. *The Art and Adventure of Leadership* is a unique look at leadership, and a critical resource for the leaders of tomorrow.

Last Call at the Hotel Imperial

The Reporters Who Took On a World at War *Random House*

A prize-winning historian's revelatory account of a close-knit band of wildly famous American reporters who, in the run-up to World War II, took on dictators and rewrote the rules of modern journalism "As intimate and gripping as a novel, this brilliant book vividly conveys what it felt like to live through the shocking crises of the thirties and forties."—Larissa MacFarquhar, author of *Strangers Drowning* They were an astonishing group: glamorous, gutsy, and irreverent to the bone. As cub reporters in the 1920s, they roamed across a war-ravaged world, sometimes perched atop mules on wooden saddles, sometimes gliding through countries in the splendor of a first-class sleeper car. While empires collapsed and fledgling democracies faltered, they chased deposed empresses, international financiers, and Balkan gun-runners, and then knocked back doubles late into the night. *Last Call at the Hotel Imperial* is the extraordinary story of John Gunther, H. R. Knickerbocker, Vincent Sheean, and Dorothy Thompson. In those tumultuous years, they landed exclusive interviews with Hitler and Mussolini, Nehru and Gandhi, and

helped shape what Americans knew about the world. Alongside these backstage glimpses into the halls of power, they left another equally incredible set of records. Living in the heady afterglow of Freud, they subjected themselves to frank, critical scrutiny and argued about love, war, sex, death, and everything in between. Plunged into successive global crises, Gunther, Knickerbocker, Sheean, and Thompson could no longer separate themselves from the turmoil that surrounded them. To tell that story, they broke long-standing taboos. From their circle came not just the first modern account of illness in Gunther's *Death Be Not Proud*—a memoir about his son's death from cancer—but the first no-holds-barred chronicle of a marriage: Sheean's *Dorothy and Red*, about Thompson's fractious relationship with Sinclair Lewis. Told with the immediacy of a conversation overheard, this revelatory book captures how the global upheavals of the twentieth century felt up close.

do?", and, "What does it mean to be good?" War and Peace

Translated by Richard Pevear and Larissa Volokhonsky *Vintage*

Nominated as one of America's best-loved novels by PBS's *The Great American Read* Often called the greatest novel ever written, *War and Peace* is at once an epic of the Napoleonic Wars, a philosophical study, and a celebration of the Russian spirit. Tolstoy's genius is seen clearly in the multitude of characters in this massive chronicle—all of them fully realized and equally memorable. Out of this complex narrative emerges a profound examination of the individual's place in the historical process, one that makes it clear why Thomas Mann praised Tolstoy for his Homeric powers and placed *War and Peace* in the same category as the *Iliad*: "To read him . . . is to find one's way home . . . to everything within us that is fundamental and sane."

Trust Me, I'm Lying

Confessions of a Media Manipulator *Penguin*

The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-Gawker age. Hailed as "astonishing and disturbing" by the *Financial Times* and

"essential reading" by TechCrunch at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. *Trust Me, I'm Lying* was the first book to blow the lid off the speed and force at which rumors travel online—and get "traded up" the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators, encouraged by the toxic economics of the news business. Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, "I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets? Because I'm tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive everything to extremes, and no one is accountable for any of it. I'm pulling back the curtain because it's time the public understands how things really work. What you choose to do with this information is up to you."
