The Prince of the Marshes

And Other Occupational Hazards of a Year in Iraq *HMH*

An adventurous diplomat’s “engrossing and often darkly humorous” memoir of working with Iraqis after the fall of Saddam Hussein(Publishers Weekly). In August 2003, at the age of thirty, Rory Stewart took a taxi from Jordan to Baghdad. A Farsi-speaking British diplomat who had recently completed an epic walk from Turkey to Bangladesh, he was soon appointed deputy governor of Amarah and then Nasiriyah, provinces in the remote, impoverished marsh regions of southern Iraq. He spent the next eleven months negotiating hostage releases, holding elections, and splicing together some semblance of an infrastructure for a population of millions teetering on the brink of civil war. The Prince of the Marshes tells the story of Stewart’s year. As a participant he takes us inside the occupation and beyond the Green Zone, introducing us to a colorful cast of Iraqis and revealing the complexity and fragility of a society we struggle to understand. By turns funny and harrowing, moving and incisive, it amounts to a unique portrait of heroism and the tragedy that intervention inevitably courts in the modern age.

The Marches

A Borderland Journey Between England and Scotland *Houghton Mifflin Harcourt*

This father-and-son trek through the history and landscape of the United Kingdom is “a sensitive exploration of what borders mean and don’t mean” (The Wall Street Journal). In The Places in Between, Rory Stewart walked some of the most dangerous borderlands in the world. Now he travels with his eighty-nine-year-old father—a comical, wily, courageous, and infuriating former British intelligence officer—along the border they call home. On Stewart’s four-hundred-mile walk across a magnificent natural landscape, he sleeps on mountain ridges and in housing projects, in hostels and farmhouses. With every fresh encounter—from an Afghanistan veteran based on Hadrian’s Wall to a shepherd who still counts his flock in sixth-century words—Stewart uncovers more about the forgotten peoples and languages of a vanished country, now crushed between England and

Scotland. Stewart and his father are drawn into unsettling reflections on landscape, their parallel careers in the bygone British Empire and Iraq, and the past, present, and uncertain future of the United Kingdom. And as the end approaches, the elder Stewart’s stubborn charm transforms this chronicle of nations into a fierce, exuberant encounter between a father and a son. “[Stewart] anchors his lively mix of history, travelogue, and reportage on local communities in a vibrant portrait of his father, who was both a tartan-wearing Scotsman and a thoroughly British soldier and diplomat.”—Publishers Weekly “Stewart brings a humane empathy to his encounters with people and landscape.”—The Washington Post “An unforgettable tale.” —National Geographic

The Wasted Vigil *Random House India*
Marcus Caldwell, and English widower and Muslim convert, lives in an old perfume factory in the shadow of the Tora Bora mountains in Afghanistan. Lara, a Russian woman, arrives at his home one day in search of her brother, a Soviet soldier who disappeared in the area many years previously, and who may have known Marcus’s daughter. In the days that follow, further people arrive there, each seeking someone or something. Down at the Docks *Anchor*
In the opening pages of Moby Dick, Herman Melville called New Bedford, Massachusetts, “the dearest place to live in, in all of New England.” But the old fishing port and manufacturing center—once one of the richest cities in New England—has withered in the modern economy. Its once-prosperous fishermen now struggle with government regulations and fished-out seas, while its empty factories now offer more work to the Fire Department than anyone else. In Down at the Docks, Rory Nugent tells the “riches to rags” story of this iconic American town through beautifully told and unsentimental portraits of its residents. Their lives inform a eulogy to the distinctive ideas, traditions, and culture that is about to disappear from the waterfront.

The World Is a Carpet

Four Seasons in an Afghan Village *Penguin*
An unforgettable portrait of a place and a people shaped by centuries of art, trade, and war. In the middle of the salt-frosted Afghan desert, in a village so remote that Google can’t find it, a woman squats on top of a loom, making flowers bloom in the thousand threads she knots by hand. Here, where heroin is cheaper than rice, every day is a fast day. B-52s pass overhead—a sign of America’s omnipotence or its vulnerability, the villagers are unsure. They know, though, that the earth is flat—like a carpet. Anna Badkhen first traveled to this country in 2001, as a war correspondent. She has returned many times since, drawn by a land that geography has made a perpetual battleground, and by a people who sustain an exquisite tradition there. Through the four seasons in which a new carpet is woven by the women and children of Oqa, she immortalizes their way of life much as the carpet does—from the petal half-finished where a hungry infant needs care to the interruptions when the women trade sex jokes or go fill in for wedding musicians scared away by the Taliban. As Badkhen follows the carpet out into the world beyond, she leaves the reader with an indelible portrait of fates woven by centuries of art, war, and an ancient trade that ultimately binds the invaded to the invader.

How Rory Thorne Destroyed the Multiverse

Book One of the Thorne Chronicles *Penguin*
First in a duology that reimagines fairy tale tropes within a space opera—The Princess Bride meets Princess Leia. Rory Thorne is a princess with thirteen fairy blessings, the most important of which is to see through flattery and platitudes. As the eldest daughter, she always imagined she’d inherit her father’s throne and govern the interplanetary Thorne Consortium. Then her father is assassinated, her mother gives birth to a son, and Rory is betrothed to the prince of a distant world. When Rory arrives in her new home, she uncovers a treacherous plot to unseat her newly betrothed and usurp his throne. An unscrupulous minister has conspired to name himself Regent to the minor (and somewhat foolish) prince. With only her wits and a small team of allies, Rory must outmaneuver the Regent and rescue the prince. How Rory Thorne Destroyed the Multiverse is a feminist reimagining of familiar fairytale tropes and a story of resistance and self-determination—how small acts of rebellion can lead a princess to not just save herself, but change the course of history.

The Restraint of Beasts *Simon and Schuster*
When sloth and alcohol lead to a horribly botched job, two fence builders named Tam and Richie flee their native Scotland to England, where all hell quickly breaks loose

War Reporting for Cowards *Open Road + Grove/Atlantic*

“Imagine George Costanza from Seinfeld being sent off to cover the Iraq War . . . Hilarious” (Michiko Kakutani, The New York Times). Chris Ayres is a small-town boy, a hypochondriac, and a neat freak with an anxiety disorder. Not exactly the picture of a war correspondent. But when his boss asks him if he would like to go to Iraq, he doesn’t have the guts to say no. After signing a one million dollar life-insurance policy, studying a tutorial on repairing severed limbs, and spending twenty thousand dollars on camping gear (only to find out that his bright yellow tent makes him a sitting duck), Ayres is embedded with a battalion of gung ho Marines who either shun him or threaten him when he files an unfavorable story. As time goes on, though, he begins to understand them (and his inexplicably enthusiastic fellow war reporters) more and more: Each night of terrifying combat brings, in the morning, something more visceral than he has ever experienced—the thrill of having won a fight for survival. A “heartbreakingly funny” memoir (Anthony Swofford, author of Jarhead), War Reporting for Cowards tells, with “self-deprecating wit” (The New Yorker), the story of Iraq in a way that is extraordinarily honest, and bitterly hilarious. “Chris Ayres has invented a new genre: a rip-roaring tale of adventure and derring-don’t.” —Toby Young, author of How to Lose Friends and Alienate People “Darkly entertaining.” —Los Angeles Times “Ayres’s stories of life with Marines are gripping—in part because he’s the perfect neurotic foil.” —People

The lakes are set within the mountainous borderlands of North Macedonia, Albania, and Greece, and crowned by the old Via Egnatia, which once connected Rome to Constantinople. A former trading and spiritual nexus of the southern Balkans, this lake region remains one of Eurasia’s most diverse corners. Meanwhile, with their remote rock churches, changeable currents, and large population of migratory birds, the lakes live in their own time. By exploring on water and land the stories of poets, fishermen, and caretakers, misfits, rulers, and inheritors of war and exile, Kassabova uncovers the human destinies shaped by the lakes. Setting out to resolve her own ancestral legacy, Kassabova locates a deeper inquiry into how geography and politics imprint themselves upon families and nations, one that confronts her with universal questions about human suffering and the capacity for change.

Pravda Ha Ha

Truth, Lies and the End of Europe *Bloomsbury Publishing*

Shortlisted for the Stanford Dolman Travel Book of the Year Award 'A gem of a book, informative, companionable, sometimes funny, and wholly original. MacLean must surely be the outstanding, and most indefatigable, traveller-writer of our time' John le Carré In 1989 the Berlin Wall fell. In that euphoric year Rory MacLean travelled from Berlin to Moscow, exploring lands that were – for most Brits and Americans – part of the forgotten half of Europe. Thirty years on, MacLean traces his original journey backwards, across countries confronting old ghosts and new fears: from revanchist Russia, through Ukraine's bloodlands, into illiberal Hungary, and then Poland, Germany and the UK. Along the way he shoulders an AK-47 to go hunting with Moscow's chicken Tsar, plays video games in St Petersburg with a cyber-hacker who cracked the US election, drops by the Che Guevara High School of Political Leadership in a non-existent nowhereland and meets the Warsaw doctor who tried to stop a march of 70,000 nationalists. Finally, on the shores of Lake Geneva, he waits patiently to chat with Mikhail Gorbachev. As Europe sleepwalks into a perilous new age, MacLean explores how opportunists – both within and outside of Russia, from Putin to Home Counties populists – have made a joke of truth, exploiting refugees and the dispossessed, and examines the veracity of historical narrative from reportage to fiction and fake news. He asks what happened to the optimism of 1989 and, in the shadow of Brexit, chronicles the collapse of the European dream.

Worth Fighting For

An Army Ranger's Journey Out of the Military and Across America *Haymarket Books*
“Fanning combines memoir, travelogue, political tract, and history lesson in this engaging account of his 3,000-mile solo walk from Virginia to California” (Publishers Weekly). Just days after the US military covered up the death by friendly fire of Pat Tillman, Rory Fanning—who served in the same unit as Tillman—left the Army Rangers as a conscientious objector. Disquieted by his tours in Afghanistan, Fanning sets out to honor Tillman’s legacy by crossing the United States on foot. The generous, colorful people he meets and the history he discovers help him learn to live again. “Fanning’s descriptions of the hardships and highlights of the trip comprise the bulk of the book, and he infuses his left-wing politics into a narrative peppered with historical tidbits, most of which describe less-than-honorable moments in American history, such as the terrorist actions of the Ku Klux Klan and the nation’s Indian removal policies. What stands out most, though, is the selflessness and generosity—which come in the form of stories, hospitality, and donations for the foundation—of the people Fanning encountered during his journey.” —Publishers Weekly “Rory Fanning's odyssey is more than a walk across America. It is a gripping story of one young man’s intellectual journey from eager soldier to skeptical radical, a look at not only the physical immenseness of the country, its small towns, and highways, but into the enormity of its past, the hidden sins and unredeemed failings of the United States. The reader is there along with Rory, walking every step, as challenging and rewarding experience for us as it was for him.” —Chicago Sun-Times

Falling for Icarus

A Journey Among the Cretans *Tauris Parke Paperbacks*
On a windy spring morning in an ancient Cretan village, Rory MacLean fell to earth. His mother had died a few months earlier and a single obsession had risen from his grief: the notion to build a feather-light flying machine. And so, on the island where Daedalus and Icarus had made man’s maiden flight, MacLean journeyed back to beginnings, back into the Greek myths, and—with the help of his Cretan neighbors and plenty of wine—built a plane and tried to fly. Falling for Icarus is at once a meditation on love, a celebration of the passion for flight, and a hilarious, vivid portrait of a village. Its generous and exhilarating characters restore MacLean’s faith in life. Through them, he tells a soaring, moving story about how a dream can transform sadness.
