Manual handling guidelines First, try to eliminate or avoid hazardous manual handling tasks in your workplace where possible. If you can't avoid manual handling, do a full manual handling risk assessment of the task and take steps to avoid injury or damage, such as: Plan the lift and consider where you or your employee will be placing the load.

## **Manual Handling Guidelines & Regulations | BrightHR**

The law around manual handling doesn't specify a maximum weight that can be lifted, but there are general guidelines that employers and staff should take into

consideration.

According to Workplace Safety Advice, it's recommended that men don't lift anything heavier than 25kg, and women shouldn't lift items that are heavier than 16kg.
