Level 5 course Supporting Study Skills in Adults with Dyslexia

Key points about study skills: You will develop your own personal approach to study and learning in a way that meets your own individual needs. As you develop your study skills you will discover what works for you, and what doesn't. Study skills are not subject specific - they are generic and can be used when studying any area. You will, of course, need to understand the concepts, theories and ideas surrounding your specific subject area.
