The Mystery of Capital

Hernando De Soto And Property

One of de Soto's core ideas is that the institution of private property is necessary for the proper functioning of a market economy, yet even though many property scholars closely follow de Soto's work, his ideas have been neglected in property law scholarship and mature market economies like the United States.

Hernando de Soto and Property in a Market Economy - 1st ...

Hernando de Soto thinks that formal property rights are the key to prosperity and that the government must clearly define and enforce specific private ownership rights. De Soto's thesis is

that government must be efficient at clarifying the legal ownership rights for all real estate and businesses to make it easier to buy and sell them because that will encourage more investment.
