The Dark Lord's Handbook: Conquest eBook: Dale, Paul ...

The first book of The Dark Lord's Handbook series shattered
normal conventions of what constitutes heroes, villains,
monsters, and damsels in distress. This book expounds on that
theme in a fun and exciting way. New characters are introduced
while old favorites make their return. Morden Deathwing's world
is fleshed out further in this novel.

The Dark Lord's Handbook by Paul Dale - Goodreads

Having thoroughly enjoyed the Dark Lord's Handbook, Part 1, I
was delighted to discover this sequel a little while ago. It's a
properly long book, it took me a while to get through it, but it
doesn't feel long because of the excellent characterisation, pithy
one liners, silly puns - which I loved, of course - and pace. It zips
along pretty quickly.

Lord's Handbook #3)

The Dark Lord's Handbook Series by Paul Dale

The Dark Lord's Handbook was a highly entertaining read that I
had trouble putting down. The story follows the rise of the dark
lord from humble beginnings to his growing power while following
the handbook written by evil itself. At the same time, the story
follows his predestined orphan hero opposition as he grows in
power and esteem.
