Application: Study Skills. Educator: No name provided.

Implementation: This activity is designed to use with very low academically achieving, first-semester students who are part of a 12-credit, four-course learning community consisting of math, English, speech and study skills. During the first 2 weeks of the semester, ask students to identify a problem or difficulty that has had or may have a negative impact on their academic success.

Study Tips 5: Think critically about what you're learning. Do you feel like you're supposed to swallow all that your teachers tell you in one big gulp? And then regurgitate for the test? Well, you don't have to consume your courses that way. You can approach learning like a master chef. Slice and dice the ideas. Chew them up in little bits.

...

Intensive study sessions can last 30 or 45-minute sessions and include active studying strategies. For example, self-testing is an active study strategy that improves the intensity of studying and efficiency of learning. However, planning to spend hours on end self-testing is likely to cause you to become distracted and lose your attention.
