Known for its rhetorical treatment of workplace writing and speaking, this text helps students learn practical, flexible strategies for creating useful and persuasive communications on the job.

Technical Communication, 9th Edition - 9781305667884 - Cengage

"The reader-centered approach is the most practical and straightforward way to help students write to communicate and for a purpose outside of their own enjoyment and for reasons other than showing what they know as they have been doing in school."

Amazon.com: Technical Communication: A Reader-Centered ...

Things like diaries and journals are primarily writer-centred, in that they are written for the benefit of the writer. Your schoolwork may also have been somewhat writer-centred, in that often your goal was to "show what you know" and thereby "get a good grade."

Technical communications require that you shift this mindset and write for the benefit of your reader—or design the content and structure of your communication for your "user."
