Life is What You Make It *Sristhi Publishers & Distributors*

What would you do if destiny twisted the road you took? What if it threw you to a place you did not want to go? Would you fight, would you run or would you accept? Set across two cities in India in the early eighties, Life is What You Make it is a gripping account of a few significant years of Ankita's life. Ankita Sharma has the world at her feet. She is young, good-looking, smart and tones of friends and boys swooning over her. She also manages to get into a premier management school for her MBA. Six months later, she is a patient in a mental health hospital. Life has cruelly and coldly snatched that which meant the most to her and she must now fight to get it all back. It is a deeply moving and inspiring account of growing up, of the power of faith and how determination and an indomitable spirit can overcome even what destiny throws at you. A tale, at its core a love-story that makes us question our beliefs about ourselves and our concept of sanity, and forces us to believe that life is truly what one makes it.

Life as We Made It

How 50,000 Years of Human Innovation Refined—and Redefined—Nature *Basic Books*

From the first dog to the first beefalo, from farming to CRISPR, the human history of remaking nature When the 2020 Nobel Prize was awarded to the inventors of CRISPR, the revolutionary gene-editing tool, it underlined our amazing and apparently novel powers to alter nature. But as biologist Beth Shapiro argues in Life as We Made It, this phenomenon isn't new. Humans have been reshaping the world around us for ages, from early dogs to modern bacteria modified to pump out insulin. Indeed, she claims, reshaping nature—resetting the course of evolution, ours and others'—is the essence of what our species does. In exploring our evolutionary and cultural history, Shapiro finds a course for the future. If we have always been changing nature to help us survive and thrive, then we need to avoid naive arguments about how we might destroy it with our meddling, and

instead ask how we can meddle better. Brilliant and insightful, *Life as We Made It* is an essential book for the decades to come.

Every Tool's a Hammer

Life Is What You Make It *Atria Books*

In this New York Times bestselling "imperative how-to for creativity" (Nick Offerman), Adam

Savage—star of Discovery Channel's *Mythbusters*—shares his golden rules of creativity, from finding inspiration to following through and successfully making your idea a reality. *Every Tool's a Hammer* is a chronicle of my life as a maker. It's an exploration of making, but it's also a permission slip of sorts from me to you. Permission to grab hold of the things you're interested in, that fascinate you, and to dive deeper into them to see where they lead you. Through stories from forty-plus years of making and molding, building and breaking, along with the lessons I learned along the way, this book is meant to be a toolbox of problem solving, complete with a shop's worth of notes on the tools, techniques, and materials that I use most often. Things like: In Every Tool There Is a Hammer—don't wait until everything is perfect to begin a project, and if you don't have the exact right tool for a task, just use whatever's handy; Increase Your Loose Tolerance—making is messy and filled with screwups, but that's okay, as creativity is a path with twists and turns and not a straight line to be found; Use More Cooling Fluid—it prolongs the life of blades and bits, and it prevents tool failure, but beyond that it's a reminder to slow down and reduce the friction in your work and relationships; Screw Before You Glue—mechanical fasteners allow you to change and modify a project while glue is forever but sometimes you just need the right glue, so I dig into which ones will do the job with the least harm and best effects. This toolbox also includes lessons from many other incredible makers and creators, including: Jamie Hyneman, Nick Offerman, Pixar director Andrew Stanton, Oscar-winner Guillermo del Toro, artist Tom Sachs, and chef Traci Des Jardins. And if everything goes well, we will hopefully save you a few mistakes (and maybe fingers) as well as help you turn your curiosities into creations. I hope this book serves as "creative rocket fuel" (Ed Helms) to build, make, invent, explore, and—most of all—enjoy the thrills of being a creator.

Outlive Your Life

You Were Made to Make A Difference *Thomas Nelson*

Dear Friend, May I share a story that is very dear to my heart? It's a story of hillbillies and simple folk, net casters and tax collectors. A story of a movement that exploded like a just-opened fire hydrant out of Jerusalem and spilled into the ends of the earth: into the streets of Paris, the districts of Rome, and the ports of Athens, Istanbul, Shanghai, and Buenos Aires. A story so mighty, controversial, head spinning, and life changing that two millennia later we wonder: Might it happen again? Heaven knows we hope so. These are devastating times: 1.75 billions people are desperately poor; one billion are hungry. Lonely hearts indwell our neighborhoods and attend our schools. In the midst of it all, here we stand: you, me, and our one-of-a-kind lives. We are given a choice ... an opportunity to make a big difference during a difficult time. What if we did? What if we rocked the world with hope? Worth a try, don't you think? - Max Lucado One hundred percent of the author's royalties from Outlive Your Life products will benefit children and families through World Vision and other ministries of faith-based compassion.

Life Is Just What You Make It

My Story so Far *Hyperion*

At age five, Donny Osmond first sang his way into North America's heart. By the time he was a teenager, he had four separate careers successfully underway, as a solo artist, as a member of the Osmond Brothers, as part of a singing duo with his sister, Marie, and as the co-host of a highly successful network television variety show. But by the early 80s, public perception had changed, and Donny discovered that, thanks to his squeaky-clean image, his very name had become poison. In this inspiring autobiography, Donny tells what it is like to survive the ups and downs of the entertainment business while trying to keep his faith, dignity, and sense of humor intact. He recalls memories of his experiences with a variety of celebrities, from Groucho Marx and Lucille Ball to Michael Jackson and Howard Stern. He shares how he finally achieved resolution through marriage, fatherhood, perseverance, and self-acceptance. And he recounts the long and difficult road leading

to a renewed recording career, nearly two thousand triumphant performances in Joseph and the Amazing Technicolor Dreamcoat, and a new nationally syndicated talk show. The millions of people who watched Donny grow up are now embracing the man whose life and career exemplify the classic values that so many now share.

When to Jump

If the Job You Have Isn't the Life You Want *Henry Holt and Company*

"A lively and inspiring guidebook for anyone who wants to make the jump from normal to extraordinary." —Tony Robbins, #1 New York Times bestselling author of *Unshakeable* and *MONEY: Master the Game* An inspirational book that lays out the "Jump Curve"—four steps to wholeheartedly pursuing the career of your dreams—through experiences from a variety of people who have jumped and never looked back When Mike Lewis was twenty-four and working in a prestigious corporate job, he eagerly wanted to leave and pursue his dream of becoming a professional squash player. But he had questions: When is the right time to move from work that is comfortable to a career you have only dared to dream of? How have other people made such a jump? What did they feel when making that jump—and afterward? Mike sought guidance from others who had "jumped," and the responses he got—from a banker who started a brewery, a publicist who became a Bishop, a garbage collector who became a furniture designer, and on and on—were so clear-eyed and inspiring that Mike wanted to share what he had learned with others who might be helped by those stories. First, though, he started playing squash professionally. The right book at the right time, *When to Jump* offers more than forty heartening stories (from the founder of Bonobos, the author of *The Big Short*, the designer of the Lyft logo, the *Humans of New York* creator, and many more) and takeaways that will inspire, instruct, and reassure, including the ingenious four-phase Jump Curve.

How to Win Friends and Influence People *Prabhat Prakashan*

In the present book, *How to Win Friends and Influence People*, Dale Carnegie says, "You can make someone want to do what you want them to do by seeing the situation from the other person's point of view and arousing in the other person an eager want." For instance, "let the other person feel that the idea is his or hers" and "talk about your own mistakes before criticizing the other person." This book is all about building relationships. With good relationships, personal and business successes are easy and swift to achieve. Twelve Ways to Win People to Your Way of Thinking
