The Scalpel and the Butterfly: The War Between Animal ...

Biological experimentation, writes science journalist Deborah Rudacille in *The Scalpel and the Butterfly*, has long

been the province of a scientific elite that has not much cared to explain its work to the larger public. That public, she continues, has responded with a kind of don't-ask, don't-tell policy "whereby society will permit animal experimentation--and certain types of research on human subjects--as long as it is protected from the details".
