Transcription Techniques For The Spoken Word

Perhaps the best thing Transcription Techniques for the Spoken Word does is make you realize that transcribing an oral history is so much more than "typing what they say." Even the simple instruction to produce a verbatim transcript leaves so much to be decided. This book should force you to think through the process before you get started.

Transcription Techniques for the Spoken Word. - Free ...

The only difference is that verbatim transcription includes every utterance, word for word. This includes false starts, repetition and all fillers. This type of transcription is particularly popular within legal and some medical sectors, where it is important to include absolutely everything that has been spoken. Edited Transcription
