Universities And Extension Services Future Directions

INTRODUCTION. Higher education institutions are mandated to render extension service hand in hand with instruction, research and production. This is in recognition of the vital role colleges and universities play in the development of communities, especially the underserved and the depressed. The Batangas State University, as a leading institution of higher learning in the province, is committed to carry out its extension service function with the creation of the Office for Community ...

Extension Service INTRODUCTION - Batangas State University

Through extension, land-grant colleges and universities bring vital, practical information to agricultural producers, small business owners, consumers, families, and young people. NIFA supports both universities and local offices of the Cooperative Extension System (CES) to provide research-based information to its range of audiences. As the CES federal partner, NIFA plays a key role in the mission by distributing annual congressionally appropriated formula grants to supplement state and ...

Extension | National Institute of Food and Agriculture

Agricultural extension is the application of scientific research and new knowledge to agricultural practices through farmer education. The field of 'extension' now encompasses a wider range of communication and learning activities organized for rural people by educators from different disciplines, including agriculture, agricultural marketing, health, and business studies.

Agricultural extension - Wikipedia

The future is also likely to witness a reversal of recent trends towards bureaucratization within hierarchical extension services and a reduction in their levels of public funding. Moreover, a rapid increase can be expected in the use of information technology in support of extension.

Presented by national newsreader Natasha Kaplinsky, 'Universities: improving futures,' showcases the best of university research and industry partnerships, and highlights the importance of graduates staying in their university towns and cities to drive growth and productivity across the UK.

Universities: improving futures

The Cooperative State Research, Education, and Extension

Service was an extension agency within the U.S. Department of Agriculture, part of the executive branch of the federal government. The 1994 Department Reorganization Act, passed by Congress, created CSREES by combining the former Cooperative State Research Service and the Extension Service into a single agency. In 2009, CSREES was reorganized into the National Institute of Food and Agriculture. Sonny Ramaswamy serves as NIFA's director.
