Develop a Research Question Before you can begin your literature review, you will need to select a topic. It is helpful to think about your research topic as a question. For example, instead of a topic like "diversity", you could ask "How do diversity training programs impact hiring practices in retail organizations?"

Research Question - Conducting a Literature Review ...

The research question is one of the most important parts of your research project, thesis or dissertation. It's important to spend some time assessing

and refining your question before you get started. The exact form of your question will depend on on the length of your project, the type of research, the topic, and the research problem. But all research questions should be focused, specific, appropriately complex, and relevant to a social or scholarly issue.
