REU Sites | NSF - National Science Foundation

Reviews. "Petroleum Geology of the North Sea can still be highly recommended to industry geologists without prior knowledge of the region, to university teachers looking for a case study in a petroleum geology or basin analysis course, and to undergraduates on the receiving end of such courses." Geological Magazine on the third edition " ... now out in a long-awaited, fully revised edition, (the book) has been the mainstay for many courses on the North Sea for the past eight years."
