She has worked on a number of collaborative research projects with teachers in early years and primary schools. Elizabeth co-directed two ESRC funded research projects with Neville Bennett: Reception Teachers' Theories of Play (1995-97) and Progression and Continuity in the Early Years (1999-2000). She has authored books and articles based on her research interests in play, young children's learning, early childhood pedagogy, equity and equality, policy critique and collaborative action ...

Play, Learning and the Early Childhood Curriculum ...

The book is a speculative work that

offers ways of thinking and a fresh perspective about play by engaging with theory and practice as they are interrelated in the reality of early years pedagogy. This book situates play in the centre of early years pedagogy and deals with the debates around learning, curriculum, assessment and policy, not only through a lucid discussion of play, but also through highly effective and moving examples of play situations in practice'

Play, Learning and the Early Childhood Curriculum: Amazon ...

Play, Learning and the Early Childhood Curriculum enables practitioners to create unity between play, learning and teaching, and to improve the quality of children's learning. New material provided by practitioners has been added, to show how this unity can be successfully achieved.

Play, Learning and the Early Childhood Curriculum, Second ...

Play and learning can not be divided during the earliest years because as children are finding out about what things do when they touch them and what they can do when sitting, crawling, cruising, clambering, climbing, standing, reaching, pulling, pushing and so on they are also gaining mastery and control of their bodies - so play is learning. At the same time the sounds and words and gestures that they have experienced in interactions with others help babies to understand ways of relating ...

Play & Learning - Early Years Matters

The content has been fully revised to reflect contemporary thinking about the role and value of play in early childhood and beyond. A key focus is the provision

of a secure theoretical and practical grounding for developing a pedagogy of play.

The Importance of Play in Early Years Development

Providing high quality play experiences is an essential part of good early years education, but this can pose a challenge for practitioners who face pressure from a more didactic primary curriculum, and from parents worried that their children will fail to acquire essential skills and knowledge.

Play and Learning in the Early Years | SAGE Publications Ltd

Play in the Early Years We all know from the Early Years Foundation Stage that play is essential for children's development and learning; those teachers who experienced units of study on areas of child development and the science of play in their training will not be concerned about how this will look and why this is essential.

Teaching and play in the early years: a balancing act ...

Providing high quality play experiences is an essential part of good early years education, but this can pose a challenge for practitioners who face pressure from a more didactic primary curriculum, and from parents worried that their children will fail to acquire essential skills and knowledge.

Play and Learning in the Early Years: From Research to ...

Play is the earliest form of storytelling. And, it is how children learn how to negotiate with peers, problem-solve, and improvise." Play-based learning is real learning The assumption that play is a frivolous use of classroom time and in opposition to rigorous instruction demeans its value and its vast potential.

Play-based Learning: The Concept of

Kids Learning by ...

Play contributes to all aspects of learning. The General Comment 17 outlines research evidence demonstrating that playing is also central to children's spontaneous drive for development, and that it performs a significant role in the development of the brain, particularly in the early years.

Outdoor Play and Learning - Play Scotland

Learning through play is a term used in education and psychology to describe how a child can learn to make sense of the world around them. Through play children can develop social and cognitive skills, mature emotionally, and gain the self-confidence required to engage in new experiences and environments. Key ways that young children learn include playing, being with other people, being

active, exploring and new experiences, talking to themselves, communication with others, meeting physical and

Learning through play - Wikipedia

Researchers suggest that play is a central ingredient in learning, allowing children to imitate adult behaviors, practice motor skills, process emotional events, and learn much about their world. One thing play is not, is frivolous. Recent research confirms what Piaget 3 always knew, that "play is the work of childhood."
