Human Rights | United Nations

Recognizing new, non-human, rights-holders is controversial and may diminish the respect given to all rights-based claims, even as it diverts attention from the many unfinished struggles for human freedom. Privileging nature and other animals, alongside humans, is bound to lead to conflicting and even unresolvable rights claims in a world of increasing food and resource scarcity.

Human and non-human rights - convergence or conflict ...

Despite their growing popularity, they have begun to be challenged before human rights courts as being incompatible with human rights norms, particularly equality and non-discrimination. This book examines the use of power-sharing agreements, their

legitimacy, and their compatibility with human rights law.

Courts and Consociations: Human Rights versus Power ...

Non-discrimination and equality are core elements of the international human rights normative framework. Article 2 of the Universal Declaration of Human Rights (UDHR) states that every human being is entitled to all rights and freedoms "without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status".

Equality and Non-discrimination - Social Protection and ...

As human rights obligations cannot be explained in terms of reciprocal state interest, non-state actors are a probable causal agent in the entrenchment of human rights regimes. The chapter confronts NGOs as agents of material power. The chapter then describes four primary pathways for the exercise of NGO power: through and against states, international organizations, corporations, and each other. Only by situating NGO power relative to state and non-state entities does the breadth and ...
