Technical - Australian Institute of Waterproofing

The revised edition of The Manual of Below-Grade Waterproofing Systems provides the education and product information to enable designers to take a sound, fundamental approach to these contemporary challenges. Building designers specify waterproofing systems and materials that are often based on limited and subjective manufacturers' literature or past experience with systems that work under specific conditions, but will fail in other installations.

The Manual of below-Grade Waterproofing - The Institution ...

The Manual of Practice is designed to be a standard for practitioners performing roof, exterior wall, and waterproofing consulting and quality assurance functions. The Manual of Practice is intended to provide a peer-reviewed structure for the practice of consulting in the construction of the building enclosure. In simple terms, it describes what a professional consultant does and how the consultant does it.
