Freedom's Challenge (1998) by Anne McCaffrey brought an apparent trilogy to a close. Anne took three books to tell a story that any lesser or better author would have taken only one book to write. I've spent a while trying to figure out why I care so little for the books, and so little for the characters these books.

Freedom's Challenge "The action is fast-paced and riveting, and the characters—human and of other species—are well limned and exhibit great individuality. McCaffrey continues to amaze with her ability to create disparate, well-realized worlds and to portray believable humans, convincing aliens of varied sorts, and credible interactions between them all.
