Matt is six years old when he discovers that he is different from other children and other people. To most, Matt isn't considered a boy at all, but a beast, dirty and disgusting. But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Now, age fourteen, Matt suddenly finds himself thrust into the position of ruling over his own country, Opium, on the one-time border between the US and Mexico, stretching from the ruins of San Diego to the ruins of Matamoros. But while Opium thrives, the rest of the world has been devastated by ecological disaster... and hidden somewhere in Opium is the cure. And that isn't all that's hidden within the depths of Opium. Matt is haunted by the ubiquitous army of eejits, zombie-like workers harnessed to the old El Patron's sinister system of drug growing... people stripped of the very qualities which once made them human. Matt wants to use his newfound power to help stop the suffering, but he can't even find a way to smuggle his childhood love Maria across the border and into Opium. Instead, his every move hits a roadblock - both from the traitors that surround him and from a voice within himself. For who is Matt really but the clone of an evil, murderous dictator?
