'Shared writing' is one specific strategy that models writing in a highly effective way and is one of my favourite and most effective teaching strategies. 'Shared writing' begins with the sharing of the key information or language related to the written task, before the teacher then leads the students in co-constructing the writing, scribing the writing with targeted questioning and feedback.

Shared Writing: Modelling Mastery

The model that emerges from a review of the literature on writing places a strong emphasis on writing as an integrated, socially situated skill that cannot be assessed properly without taking into account the fact that most writing tasks involve management of a complex array of skills over the course of a writing project, including language and literacy skills, document-creation and document-management skills, and critical-thinking skills.
